ELITE, GRAND TOURING AND EXPRESS TRAVEL TRAILERS

Passport

ULTRA LITE

by Keystone

GO ANYWHERE

EXPRESS SUPER LITE

What looks small but packs a big punch when it comes to living space? The Passport Express Super Lite! Whether it's the feel of sleeping in the open air with our expandable models or the need for a trailer that can be towed by most small SUV's, the Passport Express Super Lite is the Passport way of making camping easy.

ALL NEW EXPANDABLES NOW AVAILABLE!

Passport expandables compact design comes with travel-friendly lengths and lightweight floorplans that make this travel trailer towable by many smaller vehicles*.

*CHECK WITH YOUR VEHICLE MANUFACTURER FOR TOWING SPECIFICATIONS

The Passport Express Expandable Series has been specifically engineered to maximize sleeping capacity while keeping both weight and overall length of the trailer in mind. Without sacrificing the look, comfort and amenities found in the regular Passport Express, the expandables also offer the latest in hybrid technology.

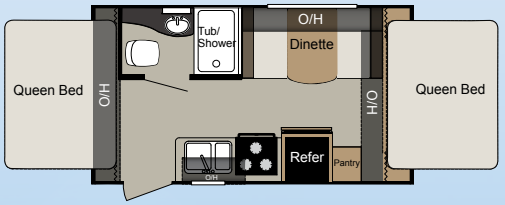

ROTO-VISE SYSTEM clamps tighter than the competition for a better seal with less effort.

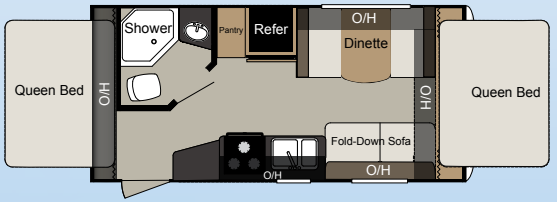

Our tent system makes setting up and tearing down your hybrid a breeze. You no longer have to worry about awkward support bars or the tent canvas not being properly sealed to the tent door.

GRAND TOURING

One word describes the Passport Grand Touring. Amazing! The Passport Grand Touring didn't get the memo that it was suppose to act like the other lite weights. With size and features of a full size camper, this Passport is still made for today's SUV's and half ton vehicles. So go ahead and live large, go lite, and get more with a Passport Grand Touring.

SPECIFICALLY BUILT FOR THE WEST

EXPRESS AND GT WESTERN EDITION MODELS ARE AVAILABLE

Oregon production gives West Coast buyers an extreme price advantage over products produced in Indiana due to decreased freight costs. The Pendleton, OR plant also enables the Passport team to offer a trailer that is "specifically built for the West"

What do we mean by "specifically built for the West"? The Western Edition Passport is geared to the specific needs of the West, where camping is done year round and primarily without the luxury of full hook ups to sewer, water, and electricity regularly found in campgrounds in the Midwest and the East.

The Western Edition Passport models are generally, smaller, lighter, and carry more robust features such as added insulation, larger holding tank capacities, larger propane capacity, more interior and exterior storage. We hope that you enjoy our affordable west coast floor plans, added features, and ease of towability with the Western Edition Passport.
